

Uniboot Duplex patch cord

Basic characteristics

- ▲ Standard duplex patch cords with LCD Uniboot connectors

Applications

- ▲ Telecom/Datacom
- ▲ Telehouse interconnections
- ▲ DataCenter

Temperature range

Indoor controlled environment (-10°C /+60°C)

Cable parameters

Jacket material	LSZH	
Cable construction	Duplex cable	
Outer diameter	1.8mm	
Fiber count	2	
Fiber type	SM OS2 or MMF OM3/OM4	
Temperature range	operation:	-10°C to +70°C
	storage:	-25°C to +70°C
	installation:	-5°C to +50°C

Connector parameters

LCD Uniboot

Insertion Loss (acc. IEC 61300-3-4 method B)	<0,25dB (@1310/1550nm)
	<0,25dB (@850/1300nm)
Return Loss (acc. IEC 61300-3-6)	>50dB(UPC) / >60dB(APC) (@1310/1550nm)
	>30dB (@850/1300nm)

Identification

Traceability label with unique serial number.

Packaging

Each assembly in sealed PE bag, bulk pack in cardboard box.
Longer lengths coiled on cardboard/wooden reel.
